

PETER BENVENUTO

SENIOR PRODUCT DESIGNER

EXPERIENCE

Senior Product Designer | 1Password

SEP 2024 - PRESENT, TORONTO, ON

- Defining and leading design strategy for multiple AI/Developer features, establishing a major investment area for the 2026 roadmap.
- Leading growth strategy by launching 1Password's first self-serve, multi-product trial, accelerating growth through new lead acquisition and \$1M in potential ARR in month one.
- Strengthened the Knox design system through the creation of three core components and clear, reusable documentation.

Senior Product Designer | Capintel

MAR 2024 - SEP 2024, TORONTO, ON

- Supported a successful expansion of our core product into the U.S. market which led to a 40% increase in sales volume in 2024.
- Established UX research processes and practices, leading the company's first user research studies and presenting insights through structured shareouts.

Senior Product Designer | Mozilla

MAY 2021 - FEB 2024, TORONTO, ON

- Owned design and strategy for our core global VPN product helping to increase MRR ~90% (\$334k to \$656k).
- Led design discovery and execution of all major features which grew our subscribers from 50k active subs to 127k active subs in 30 countries.
- Led the initiative to improve the VPN's conversion funnel, resulting in support tickets dropping by ~60% and account conversion improving by ~50%.
- Led org-wide design system audit, rebuild and maintenance that was scaled to 4 products.

Product Designer | Intrado

MAR 2021 - MAY 2021, TORONTO, ON

- As the sole designer I was responsible for design strategy, research and execution of 5 major features of our core SaaS product.

Software Engineer | InvestCloud Inc.

SEP 2018 - MAR 2021, BURLINGTON, ON

- Design RESTful web APIs to seamlessly extract client data from existing CRM systems.

EDUCATION

BrainStation | Diploma, User Experience Design

SEP 2020 - DEC 2020, TORONTO, ON

York University | Bachelors, Political Science

SEP 2011 - 2014, TORONTO, ON

PROFILE

I'm a product designer and creative technologist with over 7 years of experience across different disciplines. I started my career as a software engineer building products for more than 3 years. Fast forward to now, I enjoy driving strategy, to help solve problems for users. I'm passionate about storytelling, crafting beautiful experiences, scaling design systems, and (on a personal note) shoes!
